

Write to you concerning the use of antibiotics
to promote growth in farm animals. Please,
please consider promoting care for farm animals
instead of reliance on antibiotics. Require
nutritious feed and healthy environment
to promote growth instead of reliance on
antibiotics. If illness does occur in
our farm animals, promote appropriate
treatment instead of reliance on anti-
biotics.

Please, please consider banning the use of
antibiotics as growth promoter in farm
animals. Thank you for your time.
